

Lifter Noise

August 2021 - Volume 48, Issue 6

What's Going On

Our regular meeting for August will be on WEDNESDAY, August 18 at 6:15 PM. We will be meeting at Gilmore Car Museum as part of their weekly Wednesday cruise night. Admission is free but note that the barns will be closed. The diner will be open as well as the grill so food will be available. For those who want to rally from Grand Rapids, meet at Burger King on Broadmoor (5135 Broadmoor Ave. SE) at 5:15 PM. We will leave promptly at 5:30 PM.

Our August board meeting will be on Tuesday, August 24 at 5 Lakes Brewing Company in Dorr at 6:30 PM.

We'll be heading back to Fricano's for our September meeting. Date is to be determined based on when their cruise nights end for the summer.

Grand Haven Coast Guard Festival Car Show

Dave Dykwell passed along these photos of himself, Jamie Reinhart, and Reggie Stroebe at the Grand Haven Coast Guard Festival Car Show that took place on August 1. Dave drove his Buick Wildcat convertible instead of his Spyder. Jamie drove his 1966 convertible and Reggie drove his 1962 coupe.

Summer Picnic Recap

In the week leading up to our summer picnic, there was some discussion that the weather may not cooperate. We went ahead with our originally scheduled date and time and the 14 or so people that showed up had a great time. The main dish was catered from Two Scott's BBQ and there was a great variety of side dishes. A few members also took a dip in Lake Michigan or lounged on the beach. Thank you to Bob Muir for hosting us! Pictures below are courtesy of Marilyn Dykwell. Look for more pictures on the [website!](#)

A CAR OF YOUR OWN SHOULD BE AS EASY TO HANDLE AS THE NEW CORVAIR

We think you'll find that Corvair is the perfect car for you. It's small, so it handles easily in traffic and parks between meters with 7 feet left over. And it's even easier to steer than other small cars because its engine is in the rear. This way, there's very little weight over the front wheels, so they turn with very little effort. And that extra weight over the rear wheels gives you better traction on ice and snow. You'll like everything else about Corvair, too. Its virtually flat floor lets you get out easily from either side. Monza interiors are nicer than ever, with a new soft vinyl on the front bucket seats and convenient front-door map pockets. For maximum driving ease, you can have Powerglide automatic transmission*. Power steering? That's for cars with the engine in the front. . . . Chevrolet Division of General Motors, Detroit, Michigan.
