November 2021 - Volume 48, Issue 9

## What's Going On

We will be holding a membership meeting this month! It will be on Tuesday, November 16 at 6:30 PM at Shots on the River, 5760 West River Drive NE in Belmont. We will be meeting in one of the private rooms. We will be conducting a brief business meeting as well as conducting elections for the board of directors. There are three positions that are expiring in 2021.

The November board meeting will be held on November 23 at Archival Brewing Company, 6266 W River Dr NE in Belmont. Start time is 6:30 PM.

We are trying to plan a Christmas Party for December. Nothing is firm yet and there is a possibility it may not happen. Look for more details in the December newsletter.

One other event that may interest members of WMCC is the Grand Rapids Auto Gallery open house on Thursday, November 4. Grand Rapids Auto Gallery is a classic car dealership located at 4722 50th St. SE in Kentwood. The open house starts at 6 PM and goes until 10 PM. Go to <https://www.grautogallery.com/> for more information.

## Color Tour Recap

The temperature was a little cool but the rain held off for our annual color tour. We had a good turnout for a tour of northwest Michigan. The prognosticators said the weekend of October 16 would be peak color for northern Michigan but the hot weather leading up to that weekend delayed the leaves turning so there was not much color after all. We started out at Fricano's on Alpine and drove a scenic route to Hart. After a few missed turns and a detour to avoid a dirt road, we stopped for lunch at Big Hart Brewing Company. The tour was supposed to continue from there but a few people opted to head on home. For those that continued, the drive continued through central Michigan ending with a beverage at Archival Brewing Company. Thank you to Doug Lectka for planning the route. **Light-handed, light-footed, light-hearted!**

Even though a Corvair's main virtues are economy and efficiency, we're willing to wager the thing which sends you away singing from your first drive is the way it *handles*. Only rear-engine design gives you steering that is so light and responsive, traction that is so solid and reassuring, braking so beautifully balanced front and rear. This is a light-hearted car, because it does everything so crisply and so easily; light-footed because there's *independent* suspension at all four wheels; light-handed because the steering doesn't have to cope with the weight of a front engine. But try it yourself—and find a completely new dimension in driving!

A magellan on wheels. Your pit dollars will now go farther... because the Corvair delivers miles and miles and more per gallon. **Engine's in the rear...** where it belongs in a compact car... to give you smoother handling, greater traction, better 4-wheel braking.

Unpack power team. Straps engine, transmission and drive gears into one compact package... takes less room, leaves you more.

Independent suspension at all 4 wheels. Coil springs at each end every wheel take bumps with independent knee-action for a ride that rivals the roughest cars.

Fold-down rear seat. Now every Corvair converts into a station sedan with 11.6 cu. ft. of extra storage space behind front seat.

Choice of automatic or manual transmission. You can have Powerglide® or a smooth-shifting Dynaflow® standard transmission. \*Optional at extra cost

Four models. Practical four-door or sleek new two-door in standard or 28-Valve versions. **Trunk's up front...** Plenty of luggage space under the hood, where it's convenient to get to. **All at a practical kind of price.** Check your dealer on the short, sweet details...
