

CHEVROLET

**OWNER SERVICE
POLICY**

THIS CHEVROLET OWNER SERVICE POLICY BOOKLET is very important to you, and is provided by your Chevrolet Dealer.

This booklet contains your New Vehicle Warranty, Owner Service Policy and Verification Vouchers.

It is necessary that you keep this Owner Service Policy booklet in the glove compartment of your vehicle at all times, since it serves as a means of introduction to any authorized Chevrolet dealer in the United States or Canada. Loss of your Policy Booklet should be avoided, since this could cause inconvenience in the event that warranty repairs are required. Since a verification voucher must be signed and surrendered to the dealer each time warranty service is performed, judgment should be used in requesting such service so as not to exhaust the supply of vouchers.

The Chevrolet dealer, his Service Manager or his salesman from whom your vehicle was purchased, are always happy to advise and counsel you on the service and maintenance requirements of your new truck, because they are most interested in your driving pleasure and economical operation of this vehicle. For this reason you should avail yourself of the trained personnel, facilities and special equipment which are provided to retain your satisfaction and enjoyment in the operation of your Chevrolet.

NEW VEHICLE WARRANTY

There are no warranties, expressed or implied, on Chevrolet motor vehicles sold by Dealer except the following New Vehicle Warranty which Dealer, as Seller, and not as agent of the Manufacturer, gives to Purchaser on each new Chevrolet motor vehicle sold by Dealer:

Dealer warrants (except as hereinafter provided) each new Chevrolet motor vehicle and chassis, including all equipment or accessories thereon manufactured or supplied by Chevrolet Motor Division of General Motors Corporation, sold by Dealer to be free from defects in material and workmanship under normal use and service, Dealer's obligation under this warranty being limited to repairing or replacing at Dealer's option, without charge for installation by Dealer at Dealer's place of business, any part or parts thereof which shall, within twelve (12) months after delivery of such vehicle or chassis to the original purchaser or before such vehicle or chassis has been driven twelve thousand (12,000) miles, whichever event shall first occur, be returned to Dealer at Dealer's place of business and which Dealer's examination shall disclose to its satisfaction to have been thus defective.

The provisions of this warranty shall not apply (1) to tires or tubes, or (2) to normal maintenance services, including but not limited to, fuel system cleaning, wheel alignment and balancing, engine tune-up, and brake inspection or adjustment, nor to the replacement of spark plugs, ignition points, condensers or filters when such replacements are made as part of any such normal maintenance service, or (3) to any motor vehicle or chassis which shall have been repaired or altered outside of an authorized Chevrolet dealership in any way so as in the judgment of Dealer to affect adversely its performance and reliability, or (4) to any motor vehicle or chassis which has been subject to misuse, negligence or accident.

This warranty is expressly in lieu of all other warranties, expressed or implied, and all other obligations or liabilities on Dealer's part, and Dealer neither assumes nor authorizes any other person to assume for it any other liability in connection with such motor vehicles or chassis.

The form on this page is your identification and introduction to any Chevrolet dealer in the United States and Canada. Be certain this is completely and properly filled out and signed by your selling Dealer or his authorized representative.

It is suggested that you keep this booklet in the glove compartment of your vehicle at all times. If you should find it necessary to visit another Chevrolet Dealer while out of town, this will furnish all of the necessary information in the event that warranty repairs are required.

Design Changes

The Manufacturer has reserved the right to make changes in design or add any improvements on motor vehicles and chassis at any time without incurring any obligation to install same on motor vehicles and chassis previously purchased.

Tire Warranty

Tires included as original equipment on Chevrolet vehicles are not included within the provisions of the new vehicle warranty. They are covered by the Tire Manufacturer's Warranty. Your Dealer will assist you when a tire adjustment is necessary.

Battery Warranty

The Delco Battery in your vehicle is covered by your New Vehicle Warranty. Should a defect become apparent after the warranty period and within the prorated adjustment period as covered in the Delco Battery Warranty and Adjustment Service Policy your Dealer will assist you in effecting an adjustment.

Paint and Other Appearance Items

Imperfection in paint, trim or other appearance items is normally apparent and corrected during new vehicle pre-delivery conditioning. Damage due to usage is not covered by warranty. For your protection, you are urged to immediately call any imperfection to the attention of your selling Dealer, so that he may make any necessary correction.

THE OWNER SERVICE POLICY

1. DELIVERY—To help you secure maximum satisfaction with your new Chevrolet, it has been inspected and conditioned according to Chevrolet recommended pre-delivery inspection schedule.

2. VERIFICATION VOUCHER—A Verification Voucher included in this Chevrolet Owner Service Policy Booklet must be surrendered to a Chevrolet Dealer performing any warranty service on your vehicle. While parts supplied under the warranty may be installed by any authorized Chevrolet Dealer, it is recommended that warranty services be performed by the Chevrolet Dealer issuing this policy and from whom you purchased your vehicle, because of his continued and personal interest in you.

3. OWNER RESPONSIBILITY—Proper maintenance and care of your Chevrolet will help you achieve lower overall operating costs. Also if your Chevrolet is regularly and properly maintained by competent mechanics you will avoid conditions arising from misuse or neglect which are not covered by the warranty. In this connection lubrication and maintenance services should be performed as prescribed in the Operator's Manual at the indicated mileage intervals.

4. TOURING OR CHANGE OF RESIDENCE—When touring or in the event you move prior to the expiration of the warranty period, any authorized Chevrolet Dealer in the U.S. or Canada will honor this policy.
