NEW VEHICLE WARRANTY

There are no warranties, expressed or implied, on Chevrolet motor vehicles sold by Dealer except the following New Vehicle Warranty which Dealer, as Seller, and not as agent of the Manufacturer, gives to Purchaser on each new Chevrolet motor vehicle sold by Dealer:

· Dealer warrants (except as hereinafter provided) each new Chevrolet motor vehicle and chassis, including all equipment or accessories thereon manufactured or supplied by Chevrolet Motor Division of General Motors Corporation, sold by Dealer to be free from defects in material and workmanship under normal use and service, Dealer's obligation under this warranty being limited to repairing or replacing at Dealer's option, without charge for installation by Dealer at Dealer's place of business, any part or parts thereof which shall, within twelve (12) months after delivery of such vehicle or chassis to the original purchaser or before such vehicle or chassis has been driven twelve thousand (12,000) miles, whichever event shall first occur, be returned to Dealer at Dealer's place of business and which Dealer's examination shall disclose to its satisfaction to have been thus defective.

The provisions of this warranty shall not apply (1) to tires or tubes, or (2) to normal maintenance services, including but not limited to, fuel system cleaning, wheel alignment and balancing, engine tune-up, and brake inspection or adjustment, nor to the replacement of spark plugs, ignition points, condensers or filters when such replacements are made as part of any such normal maintenance service, or (3) to any motor vehicle or chassis which shall have been repaired or altered outside of an authorized Chevrolet dealership in any way so as in the judgment of Dealer to affect adversely its performance and reliability, or (4) to any motor vehicle or chassis which has been subject to misuse, negligence or accident.

This warranty is expressly in lieu of all other warranties, expressed or implied, and all other obligations or liabilities on Dealer's part, and Dealer neither assumes nor authorizes any other person to assume for it any other liability in connection with such motor vehicles or chassis.

Design Changes

The Manufacturer has reserved the right to make changes in design or add any improvements on motor vehicles and chassis at any time without incurring any obligation to install same on motor vehicles and chassis previously purchased.

Paint and Other Appearance Items

Imperfection in paint, trim or other appearance items is normally apparent and corrected during new vehicle pre-delivery conditioning. Damage due to usage is not covered by warranty. For your protection, you are urged to immediately call any imperfection to the attention of your selling Dealer, so that he may make any necessary correction.

Tire Warranty

Tires included as original equipment on Chevrolet vehicles are not included within the provisions of the New Vehicle Warranty. They are covered by the Tire Manufacturer's Guarantee. Your Dealer will assist you when a tire adjustment is necessary. In this connection your Owner Service Policy will provide you with the date of delivery of your vehicle.

Battery Warranty

The Delco battery in your vehicle is covered against defects in material and workmanship under the terms of the New Vehicle Warranty for a period of twelve (12) months or twelve thousand (12,000) miles, whichever first occurs.

DELCO BATTERY ADJUSTED SERVICE POLICY

For the purposes of this Adjusted Service Policy the following terms shall have the following meanings:

Adjusted Service Policy Period—The period commencing with the expiration of the warranty period and expiring twenty-four (24) months (in the case of Corvairs) and thirty-six (36) months (in the case of other Chevrolet passenger cars) from the date of delivery of the vehicle to the original purchaser if in normal passenger car use. (For other types of passenger car use, such as taxi cabs and police cars, see your car or Delco battery dealer to determine the Adjusted Service Policy Period applicable to the Delco battery in your particular vehicle.)

Months of Service—The total months covered by both the Warranty and Adjusted Service Policy periods. The "months of service" commence to run on the date of delivery of the new vehicle to the original purchaser.

Undelivered Months of Service—The difference between the "months of service" and the months of actual service received.

Owner's Cost Per Month—The per month cost of the replaced battery to the owner determined by dividing the "months of service" into its current Delco battery manufacturer's suggested list price (or fleet owner's current cost).

THE OWNER SERVICE POLICY

1. DELIVERY—To help you secure maximum satisfaction with your new Chevrolet, it has been inspected and conditioned according to Chevrolet recommended pre-delivery inspection schedule.

2. VERIFICATION VOUCHER—When Warranty Service is performed on your vehicle by a Chevrolet Dealer, you will be required to sign and turn over to such Dealer one of the Verification Vouchers included in this Booklet. If such Verification Vouchers have been used or lost, notify such Dealer. Prior use or loss of Verification Vouchers does not in any way void or affect the New Vehicle Warranty. While parts supplied under the warranty may be installed by any authorized Chevrolet Dealer, it is recommended that warranty services be performed by the Chevrolet Dealer issuing this policy and from whom you purchased your vehicle, because of his continued and personal interest in you.
